New Reporting Tools

Suffolk County Council

A suite of new reporting dashboards has been created to offer both operational and strategic oversight.

SEND Operational Tracker

An operational insight into in-progress EHCNAs, current EHCPs and annual reviews viewable by locality and worker

The dashboard allows for the monitoring of the active EHC Needs Assessment Requests Caseload, the number of EHC Plans including those with no recorded education setting, and Annual Reviews due by month.

The dashboard allows for parameters to be selected to define the data shown by locality or individual worker.
