

Diocesan Schools' Adviser Report ~ Autumn 2018

- DARE bulletin out for the autumn term including details of all courses etc
- New Subject Leader course drew 12 delegates from Primary schools – all church schools this year.
- Two RE networks have met – one in Hadleigh and one in Bury (10 at the first and 6 at the latter)
- The 7 KS1 Christianity units are in the middle of being re-written and should be out by the end of term. A small course met this week and discussed the outcomes so far with very positive feedback – half the schools represented were church schools and half community schools. All have been very successfully using the units across their schools already.
- We are looking for more C of E members for SACRE, deliberately looking for people with teaching experience as well as the ability to represent the C of E
- In my wider role, I have attended the national C of E RE Development group of which I am a member and with colleagues been adjusting the C of E Statement of Entitlement for RE to incorporate several of the ideas in the CoRE report.

(Apologies for incorrect label on Buddhist symbol which is actually the Triple Jewel, but good evidence of work being done.)
