The NHS is offering coronavirus (COVID-19) vaccines to children and young people

As we enter the autumn and winter months, it is advised that **children/young people aged 5 to 18 years** should be offered the chance to be vaccinated. Vaccination is particularly important for children/young people who have health conditions that put them at high risk from COVID-19.

We are holding a family friendly Covid 19 vaccination clinic on Cornhill and the Unity Centre, Whitton, in Ipswich. We also welcome enquiries from adults who would like further information on the Autumn Booster campaign which will begin on 12/09/22.
