

# Behaviour, observation and planning

---

**This 1.5 hour virtual session will look at both the ABC and STAR observation methods and writing an effective behaviour plan for an individual child, to encourage the consistent use of positive behaviour strategies.**

For participants to:

- understand how to use the STAR and ABC models of observation for behaviour
- identify appropriate prevention techniques and positive strategies to use in an individual child's behaviour plan
- understand the importance of working consistently as a staff team and with parents
