1. Parents, children and young people to get the right support at the right time and feel that they are listened to and in control												
69 % of children/young people that have an EHCP, believe they were either well or very well placed at the centre of the process. (2019)											The SPCN annual survey reports the level of satisfaction/confidence in this area - this will not change until a further survey is completed by SPCN or we have alternative outcome measures to support this. There was not a 2020 annual survey
