Planning and delivering a high quality curriculum

This 2 hour virtual or 3 hour face-to-face session aims to give early years practitioners the knowledge and confidence to plan and implement motivating and challenging learning experiences and environments for children. Explore how each child's individual experiences, learning style, disposition and fascinations help determine the best way to guide them in their overall development and how vital the adult role is in inspiring children to learn while also strengthening the characteristics which will help them become effective life-long learners.

Learning Objectives:

For participants to:

- Understand how to implement the curriculum so that children make progress in the seven areas of learning.

- Ensure that children are offered sufficient challenge alongside opportunities to consolidate and deepen their knowledge, understanding and skills across all areas.

- Be able to reflect on their daily interactions with children, ensuring they are of a high quality and contribute well to delivering the curriculum intent.

- Explore ways of evaluating the impact of the planned curriculum on each unique child.
