A MESSAGE FROM SUFFOLK COUNTY COUNCIL'S GOVERNOR SERVICES TEAM

Veronica Mwondela
Senior Governance Advisor

Lyndsay Cook
Governor Development Advisor

Sometimes it is hard to believe that it is that time of year when we bid farewell to another cohort of Year 6 children as they transition to the big world of secondary school and prepare to welcome the very youngest in our community in Early Years Foundation Stage. Year 11 and Sixth Form students will also be leaving to pursue new ventures. We, of course, recognise that all the children in our schools are in transition mode – both challenging yet exciting for them.

On behalf of us and the Education, Skills and Learning team, we just want to thank you for the tireless effort and the time you've put in over the year to ensure that Suffolk children become the best that they can be as they progress through their education.

By the time you receive this, the General Election would have come and gone. Whatever the outcome, we remain resolute in supporting the work that you do to ensure that Suffolk children's outcomes are as good as the best outcomes nationally.

As schools break for the summer holidays, we wish you and your loved ones a restful and enjoyable time, whatever you are doing, with, hopefully, wonderful weather.

Thank you for all you do for the children of Suffolk. We are here to support governing boards in any way we can, and our contact details are below.
