

The Alternative Tuition Service

What we do

Our teachers provide a child-centred approach, delivering tuition in a range of ways, including:

- Online learning platforms
- Workpacks
- Online group lessons
- 1:1 online or face to face sessions

Who we work with

The service works in partnership with families, schools and other agencies in order to provide the best possible support to all our children and young people irrespective of how long or how short their journey with us might be. The expectation is for families and children to engage with this as it is the statutory education offer whilst awaiting an onward provision.

What we offer

We are a registered JCQ exam centre and have a GCSE online learning platform for Maths and English. Our young people can also access a range of qualifications at Level 1 and Level 2 Functional Skills and a suite of NCFE qualifications.

Referral and contact details

The Alternative Tuition Service is a referral only based service. Referrals are only accepted from educational professionals. More information regarding ATS can be found on the Suffolk Learning website
